Giving local is important because each gift to our local United Way helps hardworking neighbors who need support to get back on track.”* **Matt Corbett** echoes the important of giving locally. *“Being a board member I’ve learned that many local residents do not realize that giving specifically to the United Way of Washington County-East means that every dollar stays right here in the district 834 area. It helps my older neighbor down the street who needs a ride to the doctor, or my son’s classmate whose family is facing foreclosure. In these tough times, giving locally is more important than ever!”* **Executive Director Marna Canterbury** is excited that the Lunn and Corbett families have joined forces with board and volunteers to meet growing needs in this community. *“This is an unprecedented time of need in our community and we are here to make sure that there is a safety net of support available for when they need it most,”* she emphasized.
